Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Jim Justice, Governor of the State of West Virginia

We have audited, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the State of West Virginia as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the State of West Virginia's basic financial statements, and have issued our report thereon dated April 30, 2017. Our report includes a reference to other auditors who audited the financial statements of certain entities within the governmental activities, the business-type activities, the aggregate discretely presented component units, certain major funds, and the aggregate remaining fund information as described in our report on the State of West Virginia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the West Virginia Investment Management Board were not audited in accordance with Government Auditing Standards, the West Virginia Housing Development Fund, the West Virginia Water Development Authority and the following discretely presented component units of the Higher Education Fund discretely presented component unit: Big Green Scholarship Foundation, Inc.: Bluefield State College Foundation, Inc.; Bluefield State College Research and Development Corporation; Concord University Foundation, Inc.; Fairmont State Foundation, Inc.; Glenville State College Foundation, Inc.; The Marshall University Foundation, Inc.; New River Community and Technical College Foundation, Inc.; Provident Group-Marshall Properties, LLC; Shepherd University Foundation, Inc.; Southern West Virginia Community College Foundation, Inc.; West Liberty University Foundation, Inc.; West Virginia Northern Community College Foundation, Inc.; West Virginia School of Osteopathic Medicine Foundation, Inc.; The West Virginia State University Foundation, Inc.; and WVU at Parkersburg Foundation, Inc. were audited by other auditors and were not performed in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State of West Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of West Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the State of West Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies

and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses and are reported as items 2016–001 and 2016–002.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State of West Virginia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The State of West Virginia's Response to Findings

The State of West Virginia's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The State of West Virginia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditors on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The Honorable Jim Justice, Governor of the State of West Virginia

Report on Compliance for Each Major Federal Program

We have audited the State of West Virginia's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the State of West Virginia's major federal programs for the year ended June 30, 2016. The State of West Virginia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The State of West Virginia's basic financial statements include the operations of the West Virginia Housing Development Fund (a proprietary fund), and the following discretely presented component units; the West Virginia University Research Corporation, the West Virginia State University Research and Development Corporation, Marshall University Research Corporation, and West Virginia Drinking Water Treatment Revolving Loan Fund which expended \$304,640,027 collectively, in federal awards which are not included in the schedule of expenditures of federal awards during the year ended June 30, 2016. Our audit, described below, did not include the operations of this proprietary fund and these discretely presented component units, because they engaged other auditors to perform an audit of compliance in accordance with audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on each of the State of West Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the State of West Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the State of West Virginia's compliance with those requirements.

Basis for Adverse Opinion on Disaster Grants - Public Assistance (Presidentially Declared Disasters)

As described in the accompanying schedule of findings and questioned costs, the State of West Virginia did not comply with requirements of the following:

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016–024	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Subrecipient Monitoring
2016–025	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Reporting
2016–026	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Cash Management
2016–027	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Reporting
2016–028	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Matching
2016–029	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Special Tests and Provisions – Project Accounting

Compliance with such requirements is necessary, in our opinion, for the State of West Virginia to comply with requirements applicable to that program.

Adverse Opinion on Disaster Grants – Public Assistance (Presidentially Declared Disasters)

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion paragraph, the State of West Virginia did not comply, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on Disaster Grants – Public Assistance (Presidentially Declared Disasters) for the year ended June 30, 2016.

Basis for Qualified Opinion on Workforce Investment Act National Emergency Grants, Student Financial Assistance Cluster, Rehabilitation Services – Vocational Rehabilitation Grants to States, Low-Income Home Energy Assistance, and Adoption Assistance

As described in the accompanying schedule of findings and questioned costs, the State of West Virginia did not comply with requirements regarding the following:

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016–004	17.277	Workforce Investment Act National Emergency Grants	Cash Management
2016–008	84.007/84.033/84.038/ 84.063/84.268/84.379/ 93.264/93.342/93.364	Student Financial Assistance Cluster	Special Tests and Provisions – Enrollment Reporting
2016–012	84.126	Rehabilitation Services – Vocational Rehabilitation Grants to States	Eligibility
2016–018	93.568	Low-Income Home Energy Assistance	Allowable Costs/Cost Principles and Eligibility

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016-022	93.659	Adoption Assistance	Eligibility

Compliance with such requirements is necessary, in our opinion, for the State of West Virginia to comply with the requirements applicable to those programs.

Qualified Opinion on Workforce Investment Act National Emergency Grants, Student Financial Assistance Cluster, Rehabilitation Services - Vocational Rehabilitation Grants to States, Low-Income Home Energy Assistance, and Adoption Assistance

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the State of West Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on Workforce Investment Act National Emergency Grants, Student Financial Assistance Cluster, Rehabilitation Services - Vocational Rehabilitation Grants to States, Low-Income Home Energy Assistance, and Adoption Assistance for the year ended June 30, 2016.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the State of West Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs that are identified in the summary of auditors results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2016.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance which are required to be reported in accordance with the Uniform Guidance, and which are described in the accompanying schedule of findings and questioned costs as items:

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016-003	17.225	Unemployment Insurance	Reporting
2016–014	93.094	Well-Integrated Screening and Evaluation for Women Across the Nation	Reporting
2016–015	93.558	Temporary Assistance for Needy Families	Eligibility
2016–019	93.568	Low-Income Home Energy Assistance	Reporting
2016–023	96.001	Social Security – Disability Insurance	Reporting

Our opinion on each major federal program is not modified with respect to these matters.

The State of West Virginia's responses to the noncompliance findings identified in our audit are described in the accompanying corrective action plan. The State of West Virginia's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the State of West Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State of West Virginia's internal control over compliance with the requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of West Virginia's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as listed below to be material weaknesses.

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016–004	17.277	Workforce Investment Act National Emergency Grants	Cash Management
2016–005	17.277	Workforce Investment Act National Emergency Grants	Reporting and Subrecipient Monitoring
2016–006	84.007/84.033/84.038/ 84.063/84.268/84.379/ 93.264/93.342/93.364	Student Financial Assistance Cluster	Special Tests and Provisions – Borrower Data Transmission and Reconciliation
2016–008	84.007/84.033/84.038/ 84.063/84.268/84.379/ 93.264/93.342/93.364	Student Financial Assistance Cluster	Special Tests and Provisions – Enrollment Reporting
2016–010	84.007/84.033/84.038/ 84.063/84.268/84.379/ 93.264/93.342/93.364	Student Financial Assistance Cluster	Special Tests and Provisions – Return of Title IV Funds
2016–012	84.126	Rehabilitation Services – Vocational Rehabilitation Grants to States	Eligibility
2016–013	84.126	Rehabilitation Services – Vocational Rehabilitation – Grants to States	Activities Allowed or Unallowed; Allowable Costs/Cost Principles; Period of Availability of Federal Funds/Period of Performance

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016–016	93.558	Temporary Assistance for Needy Families	Special Tests and Provisions
2016–017	10.551/10.561/93.558/ 93.775/93.777/93.778/ 93.568/93.575/93.596/ 93.767/93.659/93.658	Temporary Assistance for Needy Families; Medicaid Cluster; Low-Income Home Energy Assistance; Child Care and Development Fund Cluster; Children's Health Insurance Program; Adoption Assistance; Foster Care – Title IV-E; Supplemental Nutrition Assistance Program Cluster	Activities Allowed or Unallowed; Allowable Costs/ Cost Principles; Eligibility; Period of Availability of Federal Funds/Period of Performance; Special Tests and Provisions, as applicable
2016–018	93.568	Low-Income Home Energy Assistance	Allowable Costs/Cost Principles and Eligibility
2016–019	93.568	Low-Income Home Energy Assistance	Reporting
2016–020	93.575/93.596	Child Care and Development Fund Cluster	Allowable Costs/Cost Principles; Eligibility
2016–021	93.575/93.596	Child Care and Development Fund Cluster	Special Tests and Provisions – Fraud Detection and Repayment
2016-022	93.659	Adoption Assistance	Eligibility
2016–024	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Subrecipient Monitoring
2016–025	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Reporting
2016–026	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Cash Management
2016–027	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Reporting
2016–028	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Matching
2016–029	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Special Tests and Provisions – Project Accounting

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as listed below to be significant deficiencies.

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016-003	17.225	Unemployment Insurance	Reporting
2016–007	84.007/84.033/84.038/ 84.063/84.268/84.379/ 93.264/93.342/93.364	Student Financial Assistance Cluster	Cash Management

Finding Number	CFDA Number	Program or Cluster Name	Compliance Requirement
2016–009	84.007/84.033/84.038/ 84.063/84.268/84.379/ 93.264/93.342/93.364	Student Financial Assistance Cluster	Program Income
2016–011	84.007/84.033/84.038/ 84.063/84.268/84.379/ 93.264/93.342/93.364	Student Financial Assistance Cluster	Special Tests and Provisions – Verification
2016–015	93.558	Temporary Assistance for Needy Families	Eligibility
2016-023	96.001	Social Security – Disability Insurance	Reporting

The State of West Virginia's responses to the internal control over compliance findings identified in our audit are described in the accompanying corrective action plan. The State of West Virginia's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the State of West Virginia as of and for the year ended June 30, 2016, and have issued our report thereon dated April 30, 2017, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1. BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards (the Schedule) has been prepared on the cash basis of accounting. The federal awards are listed in the Schedule under the federal agency supplying the award. The individual Catalog of Federal Domestic Assistance (CFDA) numbers are listed first, then clusters, and then federal contract numbers. Federal contract numbers are used if the CFDA number is not available.

The Schedule includes noncash items such as Food Stamps (CFDA number 10.551), State Administrative Expense for Child Nutrition (CFDA number 10.560), and Donation of Federal Surplus Personal Property (CFDA number 39.003). All items are valued based on amounts as established by the federal grantor agency. The Schedule also includes Federal Direct Student Loans (Direct Loan) (CFDA number 84.268) that are made directly to individual students.

NOTE 2. REPORTING ENTITY

The Schedule includes various departments, agencies, boards and commissions governed by the legislature, judiciary and/or constitutional officers of the State of West Virginia (the State). The reporting entity also includes the State's institutions of public higher education. Certain institutions of higher education within the State maintain separate research corporations. These corporations receive various federal awards for research and development and other programs. Each of the research corporations has a separate audit performed in accordance with the Uniform Guidance, and accordingly, a separate submission has been made (see Note 8).

The Schedule does not include federal funds received and expended by certain independent authorities and other organizations included in the reporting entity under the criteria of the Governmental Accounting Standards Board, as described in Note 1 to the State's basic financial statements published in the Comprehensive Annual Financial Report for the fiscal year ended June 30, 2016. The West Virginia Housing Development Fund and the West Virginia Drinking Water Treatment Revolving Loan Fund, which is a discretely presented component unit and a proprietary fund, respectively, elected to have their own single audit; therefore, their expenditures of federal awards are excluded from the State's schedule of expenditures of federal awards. This component unit and proprietary fund are required to submit their own single audit report to the federal audit clearinghouse (see Note 8).

NOTE 3. INDIRECT/PASS-THROUGH FEDERAL FUNDS

The United States Office of Drug Control Policy provides funds to the Laurel County Fiscal Court of London, Kentucky. A portion of these funds are passed through from the Fiscal Court to the State.

The West Virginia Research Corporation passed funds to the West Virginia School of Osteopathic Medicine for CFDA Numbers 93.824 and to Shepherd University for CFDA Number 43.008.

NOTE 4. UNEMPLOYMENT INSURANCE PROGRAM (UI) (CFDA Number 17.225)

The U.S. Department of Labor, in consultation with the Office of Management and Budget officials, has determined that for the purpose of audits and reporting under the Uniform Guidance, state UI funds as well as federal funds should be considered federal awards for determining Type A programs. The State receives federal funds for administrative purposes. State unemployment taxes must be deposited to a state account in the Federal Unemployment Trust Fund, used only to pay benefits under the federally approved state law. State UI funds as well as federal funds are included on the Schedule.

The following schedule provides a breakdown of the state and federal portions of the total expended under CFDA number 17.225:

	Beginning Balance July 1, 2015	Receipts	Expenditures	Ending Balance June 30, 2016
State UI Funds Federal UI Funds	\$ (451,305) <u>3,556,894</u>	\$446,346,416 <u>15,901,693</u>	\$446,295,959 <u>19,452,709</u>	\$ (400,848) 5,878
Total	\$ <u>3,105,589</u>	\$ <u>462,248,109</u>	\$ <u>465,748,668</u>	\$_(394,970)

NOTE 5. LOANS OUTSTANDING

Loans outstanding as of June 30, 2016, with continuing compliance requirements, are as follows:

CFDA <u>Number</u>	Name of Program	Ending <u>Balance</u>
84.038	Federal Perkins Loan (FPL) – Federal Capital Contribution	\$42,930,068
93.264	Nurse Faculty Loan Program (NFLP)	6,005,238
93.342	Health Professions Student Loans, Including Primary Care Loans	
	and Loans for Disadvantaged Students (HPSL/PCL/LDS)	221,382
93.364	Nursing Student Loans (NSL)	<u>551,676</u>
	Total Loans Outstanding	<u>\$49,708,364</u>

NOTE 6. APPROVED PROJECT WORKSHEETS

The State incurred eligible expenditures in FY 2015 and the Federal Emergency Management Agency (FEMA) approved the State's project worksheets in FY 2016. The State recorded the eligible expenditures of \$2,983,708 on CFDA 97.036 on this year's SEFA.

NOTE 7. INDIRECT COST RATE

Per Uniform Guidance 2 CFR § 200.510(b)(6), agencies are required to disclose whether or not they elect to use the 10 percent de minimis cost rate that 2 CFR§ 200.414(f) allows for nonfederal entities that have never

received a negotiated indirect cost rate. The State does not elect to use the 10 percent de minimis cost rate.

NOTE 8. COMPONENT UNITS / PROPRIETARY FUND

The following is a summary of federal awards at the various component units and a proprietary fund that had separate Uniform Guidance audits and submissions. These awards have been excluded from the State's Schedule.

West Virginia University Research Corporation (Issued by Clifton, Larson, and Allen dated January 23, 2017)	\$ 90,610,135
Marshall University Research Corporation (Issued by Hayflich CPAs dated October 19, 2016)	<u>\$ 16,596,433</u>
West Virginia State Research Corporation (Issued by Hayflich CPAs dated January 11, 2017)	\$ 9,135,509
West Virginia Housing Development Fund (Issued by Gibbons & Kawash, A.C. dated Oct. 24 & Dec. 6, 2016)	<u>\$ 181,571,133</u>
West Virginia Drinking Water Treatment Revolving Fund (Issued by Gibbons & Kawash, A.C. dated October 18, 2016)	\$ 6,726,817

2016-001 FINANCIAL STATEMENT CLOSE PROCESS (Prior Year Findings 2015-003, 2014-004)

Federal Program Information: State Agency and Department Name

Department of Administration Financial Accounting and

Reporting Section (FARS)

Criteria: Critical elements of an entity's internal control is its ability to record, process, and summarize

accounting transactions in a timely manner and to prepare financial reports that give a true and accurate assessment of the entity's financial status. Timely, accurate financial

information is crucial to effective decision-making by management.

Further, a fundamental concept of effective internal control is supervision and review of

general ledger activities, including journal entries.

Condition: Management encountered significant accounting and reporting delays that resulted in the

untimely preparation of government-wide financial statements.

• Significant delays in being able to produce reliable reports and financial statements.

 Significant delays in being able to provide opening cash balances that are used as the starting point for the financial statements.

 Significant accounts required significant adjustments which included accounts payable, due to/from the federal government, fund transfers, and deferred inflows and deferred outflows of resources.

Questioned Costs: N/A

Context: Management was not able to produce accurate financial statements for the State of West

Virginia until April 2017.

Cause: Management indicated that the deficiency noted above is due to lack of staffing resources,

unfamiliarity of wvOASIS, and lack of timely review.

Effect: Management was unable to provide financial statements in a timely manner which also

delayed the issuance of the Single Audit performed in accordance with the audit requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards (Uniform

Guidance).

Recommendation: Management has spent a significant amount of time to date in fiscal year 2017 focused on

compiling fiscal year 2016 information. Consequently, sufficient resources should be devoted to refining the fiscal year 2017 information to date and in the future to ensure that accurate and timely financial statements are produced prospectively. Management should refine their procedures to obtain complete and accurate data timely from wvOASIS and determine the necessary corrective action to prevent such delay from reoccurring (i.e., additional training,

hiring additional staff, new policies and procedures).

Management should evaluate new GASB pronouncements earlier and determine their impact

on the financial statements.

Management acknowledges the finding. See corrective action plan.

Responsible Officials and Planned Corrective Actions:

Actions.

Views of

2016–002 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (Prior Year Findings 2015–004, 2014–005)

Federal Program Information: Federal Agency and Program Name

Various

Criteria: 2 CFR 200.510(b) states "The auditee must also prepare a schedule of expenditures of Federal

awards (SEFA) for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502 Basis

for determining Federal awards expended."

2 CFR 200.512(a) states, "The audit must be completed and the data collection form described in paragraph (b) of this section and reporting package described in paragraph (c) of this section must be submitted within the earlier of 30 calendar days after receipt of the

auditor's report(s), or nine months after the end of the audit period."

Condition: The West Virginia (the State) Department of Administration Financial Accounting and

Reporting Section (FARS) is responsible for preparing the SEFA for the State using information submitted by state agencies expending federal monies during the year. The respective state agencies do not always report information and related revisions to the FARS Single Audit coordinator in a timely manner. Furthermore, the state agencies do not always identify reclassifications needed to report federal expenditures under the correct CFDA. Late revisions and reclassifications to the SEFA could result in a program going above the Type A program threshold without being identified in a timely manner to allow completion of the

necessary audit procedures by the required Uniform Guidance deadline.

FARS is responsible for submitting the single audit report and data collection form nine months after the State's fiscal year-end. As a result, FARS was significantly delayed in

issuing the single audit report and data collection form.

Questioned Costs: N/A

Context: Total federal expenditures for the State included on the SEFA were \$6,233,867,934 for the

fiscal year ended June 30, 2016.

Cause: Policies and procedures related to timeliness are not being followed by all state agencies.

FARS lacks the enforcement and oversight ability to enforce the established deadlines to

ensure timeliness.

Formalized internal control processes are not established around the preparation and review

of the SEFAs at the individual agencies.

Effect: Incorrect SEFAs may be submitted to FARS which could result in inaccurate reporting. Last-

minute revisions and reclassifications are made to the SEFA that could result in a major

program not being identified in a timely manner.

Federal expenditures are not being reported timely to the Federal Government which could

result in delays in future funding for the State.

2016–002 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (Prior Year Findings 2015–004, 2014–005) (continued)

Recommendation: We recommend that FARS continue to work with the Governor's Office to seek assistance

in having the state agencies prioritize completion of accurate and complete SEFA information

in a timely manner.

We recommend that FARS evaluate current staffing levels and seek assistance in having the

required reporting completed by the federally mandated timeline.

Views of Responsible Officials and Planned Corrective Management acknowledges the finding. See corrective action plan.

2016-003 REPORTING

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Labor

Unemployment Insurance 17.225

Criteria: Per 29 CFR section 97.20, "Grantees and subgrantees must maintain records which

> adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures,

and income."

2 CFR 200.303(a) requires that a non-Federal entity must "establish and maintain effective internal controls over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with the Federal statutes, regulations, and the terms and conditions of the Federal award." Federal regulation at 2 CFR § 200.302 (b)(4) requires that a non-Federal entity's financial management system provide effective controls over, and accountability for, all funds, property, and other assets and that the non-federal entity adequately safeguard all assets and assure that they are used solely for

authorized purposes.

Condition: The Unemployment Insurance program is required to file the Trade Act Participant Report

(TAPR) on a quarterly basis. The TAPR provides information on participant characteristics, services and benefits received, and outcomes achieved under the state and federal unemployment compensation programs. During fiscal year 2016, the Unemployment Insurance program did not track modifications and updates to the Structured Query Language (SQL) script that is used to extract data from the Data Reporting and Validation System

(DVRS) to populate the TAPR.

Questioned Costs: N/A

Context: Total federal disbursements for the Unemployment Insurance program were \$465,748,668

for the fiscal year ended June 30, 2016.

A change in personnel resulted in a change in procedures surrounding modifications made to Cause:

the SQL script.

Effect: Data reported in the TAPR may not be accurate.

Recommendation: We recommend that management of the Unemployment Insurance program implement

procedures to track and document modifications and updates to the SQL script in the form of

a change log.

Views of Management acknowledges the finding. See corrective action plan.

Responsible Officials and **Planned Corrective**

2016-004 CASH MANAGEMENT

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Labor

Workforce Investment Act (WIA) National Emergency

Grants 17.277

Grant Award EM-23404-12-60-A-54 Grant Award EM-25882-14-60-A-54 Grant Award EM-27369-15-60-A-54 Grant Award EM-27433-15-60-A-54

Criteria:

2 CFR 200.303(a) requires that a non-Federal entity must "establish and maintain effective internal controls over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with the Federal statutes, regulations, and the terms and conditions of the Federal award." Federal regulation at 2 CFR § 200.302 (b)(4) requires that a non-Federal entity's financial management system provide effective controls over, and accountability for, all funds, property, and other assets and that the non-federal entity adequately safeguard all assets and assure that they are used solely for authorized purposes. Additionally, 2 CFR § 200.302(b)(6) requires written procedures to implement the requirements of § 200.305 regarding payment of grant funds. Furthermore, 31 CFR 205.33 requires that "a State must minimize the time between the drawdown of Federal funds from the Federal government and their disbursement for Federal program purposes. A Federal Program Agency must limit a funds transfer to a State to the minimum amounts needed by the State and must time the disbursement to be in accord with the actual, immediate cash requirements of the State in carrying out a Federal assistance program or project. The timing and amount of funds transfers must be as close as is administratively feasible to a State's actual cash outlay for direct program costs and the proportionate share of any allowable indirect costs. States should exercise sound cash management in funds transfers to subgrantees."

OMB Circular A-133 section 300b states that WorkForce West Virginia is responsible for maintaining "internal control over Federal programs that provides reasonable assurance that management is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

Condition:

WorkForce West Virginia (WWV) is not retaining documentation that demonstrates its needs for cash draws. Additionally, WWV implemented a new accounting system; however, did not update its Fiscal and Administrative Management Procedures Handbook to incorporate procedural changes due to their change in accounting systems. While reviewing subrecipient requests to WWV, U.S. Department of Labor, Employment and Training Administration (ETA) found that a subrecipient was working with a budget that included \$4,081,036 in funds that had not yet been released by the ETA. Additionally, WWV is not requiring subrecipients to document their immediate cash needs prior to advancing them grant funds.

Questioned Costs: Unknown

Context: Total federal expenditures for the WIA program were \$10,367,688 for the year ended

June 30, 2016. This includes \$8,330,529 in subrecipient expenditures.

Cause: WWV does not have adequate policies and procedures in place over the cash management

process.

2016-004 CASH MANAGEMENT

(continued)

Effect: WWV is not in compliance with the federal rules and regulations regarding cash

management.

Recommendation: We recommend that WWV develop policies and procedures to ensure that cash drawdowns

> for its own operations and for those of its subrecipients are based on immediate cash needs and adequately supported. Documentation should include support showing the expenditures

that support the need for a cash advance.

WWV must ensure that cash drawdowns for its own operations and for those of its NDWG sub-recipient are based on immediate cash needs and adequately supported. WWV must provide ETA with adequate written policies and procedures that ensure that it maintains proper controls and support for its cash drawdowns based on its own operations and those of sub-recipients. Subsequent to ETA's review of written policies and procedures, WWV must

submit evidence that it is adhering to implemented written policies and procedures.

Views of Responsible Officials and **Planned Corrective** Management acknowledges the finding. See corrective action plan.

2016–005 INADEQUATE POLICIES AND PROCEDURES OVER REPORTING AND SUBRECIPIENT MONITORING

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Labor

Workforce Investment Act (WIA) National Emergency

Grants 17.277

Grant Award EM-23404-12-60-A-54 Grant Award EM-25882-14-60-A-54 Grant Award EM-27369-15-60-A-54 Grant Award EM-27433-15-60-A-54

Criteria: 2 CFR 200.303(a) requires that non-Federal entities must "establish and maintain effective

internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award." Additionally, 2 CFR 302(a) requires that states expend and account for its Federal award in accordance with state laws and procedures for expending and accounting for the state's own funds and that the management system be sufficient to trace, document and report the federal expenditures. Also, CFR 200.400 states that there is a fundamental principle that non-Federal entities are responsible for the efficient and effective administration of award through use of sound management practices; and administering Federal funds in compliance with agreements, program objectives, and the terms and conditions of Federal award. Furthermore, 2 CFR 200.302(b)(2) requires accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in 200.327 Financial reporting and 200.328 Monitoring and reporting program performance.

OMB Circular A-133 section 300b states that WorkForce West Virginia is responsible for maintaining "internal control over Federal programs that provides reasonable assurance that management is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its

Federal programs."

Condition: According to a Federal monitoring report by the U.S. Department of Labor, WorkForce West

Virginia (WWV) is not providing consistent, complete or accurate policy guidance to the Local Workforce Areas or its grantees. Furthermore, ETA noted that WWV is not accurately reporting expenditures and unliquidated obligation on the quarterly ETA-9130 reports.

Questioned Costs: N/A

Context: Total federal expenditures for the WIA program were \$10,367,688 for the year ended

June 30, 2016.

Cause: WWV did not update their policies and procedures to reflect procedural changes when they

changed accounting systems. Additionally, WWV does not have consistent, complete guidance to provide to Local Workforce Areas or its grantees. Furthermore, WWV does not have adequate policies and procedures in place to ensure that ETA-9130 reports are accurate

or that subrecipients are working within their approved budgets.

Effect: WWV may not be in compliance with Federal statutes, regulations and the terms of the

conditions of the Federal award. WWV may not be submitting an accurate ETA-9130 report

or be in compliance with the federal rules and regulations regarding reporting.

2016–005 INADEQUATE POLICIES AND PROCEDURES OVER REPORTING AND SUBRECIPIENT MONITORING

(continued)

Recommendation: We recommend that WWV implement the required action specified by the ETA.

WWV must develop and implement policy guidance for serving the underemployed that is consistent with the requirements of WIOA and any additional requirements issued with NDWG awards. Additionally, WWV must provide to ETA, written procedures that explain the process used for developing, updating and disseminating policies and procedures.

WWV must ensure that it is submitting accurate ETA-9130 reports. WWV must provide to ETA implemented procedures and evidence for the quarter ended September 30, 2016, that demonstrates that WWV correctly reports: its own unliquidated obligations on the ETA-9130 report; and its sub-recipients costs, including sub-recipient expenditures, accruals and obligations.

WWV must provide evidence that all Fiscal and Administrative Procedures have been adequately updated to reflect the all accounting system changes and that all updates are approved by WWV's Director of Fiscal and Administrative Management (FAM) and the Deputy Executive Director of FAM and Management Analysis.

WWV must provide ETA with the executed change order that releases the additional funding of \$4,081,036. WWV must also develop policies and procedures that ensure that NDWG subrecipients are working within its approved budgets.

Views of Responsible Officials and Planned Corrective Actions: Management acknowledges the finding. See corrective action plan.

2016–006 SPECIAL TESTS AND PROVISIONS – BORROWER DATA TRANSMISSION AND RECONCILIATION

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Education

Office of Student Financial Assistance Office of Post-Secondary Education

U.S. Department of Health and Human Services Health Resources and Services Administration

Student Financial Assistance (SFA) Cluster 84.007/84.033/

84.038/84.063/ 84.268/84.379/ 93.264/93.342/

93.364

Criteria: 2 CFR 200.303 states that the Institutions must "(a) establish and maintain effective internal

control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards. (c) Evaluate and monitor the non-Federal entity's compliance with statute, regulations and the terms and conditions of Federal awards. (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings. (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable

Federal, state and local laws regarding privacy and obligations of confidentiality."

Condition: For the two months selected for testing of Direct Loan School Account Statement (SAS)

reconciliation requirements at West Virginia University and Shepherd University, proper reconciliations were completed by the institution however, the institution did not have

procedures in place to review the reconciliations.

Questioned Costs: N/A

Context: Total Direct Loan expenditures for the SFA cluster in total were \$452,438,154 for the year

ended June 30, 2016.

Cause: Written procedures detailing the process to reconcile loans from COD to Banner exist, as

provided in narrative form during the audit. However, management represented that a formal

reconciliation review process has not been successfully implemented.

Effect: The absence of proper reconciliations could result in the institution's financial records for

Direct Loan expenditures to be improperly stated.

2016–006 SPECIAL TESTS AND PROVISIONS – BORROWER DATA TRANSMISSION AND RECONCILIATION

(continued)

Recommendation:

Management should develop an effective corrective action plan to address this matter in a timely manner. We recommend that management implement the reconciliation process that monthly reconciliations are performed and saved as documented in the institution's written procedure, including documentation of supervisor review and approval. In addition, management needs to ensure that all data received from COD is maintained within their records to facilitate audit procedures.

84.007/84.033/

93.364

Criteria:

2 CFR 200.303 states that the Institutions must "(a) establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards. (c) Evaluate and monitor the non-Federal entity's compliance with statute, regulations and the terms and conditions of Federal awards. (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings. (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, state and local laws regarding privacy and obligations of confidentiality."

34 CFR section 685.309(b) states a school shall—

- (1) Upon receipt of a student status confirmation report from the Secretary, complete and return that report to the Secretary within 30 days of receipt; and
- (2) Unless it expects to submit its next student status confirmation report to the Secretary within the next 60 days, notify the Secretary within 30 days if it discovers that a Direct Subsidized, Direct Unsubsidized, or Direct PLUS Loan has been made to or on behalf of a student who-
 - (i) Enrolled at that school but has ceased to be enrolled on at least a half-time basis:
 - (ii) Has been accepted for enrollment at that school but failed to enroll on at least a half-time basis for the period for which the loan was intended; or
 - (iii) Has changed his or her permanent address.

Condition:

For the one student selected from Mountwest Community and Technical College (Mountwest), the three students selected from Shepherd University (Shepherd), one student selected from New River Community and Technical College, two students selected from West Liberty University (West Liberty) and one student selected from West Virginia Northern Community and Technical College (Northern) in our compliance sample of 60 students who withdrew, graduated, or enrolled but never attended, the respective institution did not promptly notify the appropriate entities of a change in the student's status in a timely and accurate manner.

2016-008 SPECIAL TESTS AND PROVISIONS - ENROLLMENT REPORTING (Prior Year Finding 2015–015) (continued)

Further the following institutions did not have internal controls in place surrounding the enrollment reporting process: Mountwest Community and Technical College, West Virginia State University, BlueRidge Community and Technical College, Shepherd University, West Virginia University - Parkersburg, West Liberty University, and West Virginia Northern Community and Technical College.

Questioned Costs: N/A

Total Direct Loan expenditures for the SFA cluster in total were \$452,438,154 for the year **Context:**

ended June 30, 2016.

Cause: For the students noted above, due to ineffective internal controls, there were timing and status

> discrepancies between the information reported by the institution to the Clearinghouse and their subsequent reporting of enrollment detail to National Student Loan Data System

(NSLDS).

Effect: The institutions are not promptly notifying the proper agencies of changes in student status

in an accurate manner; thus, inaccurate information is reported to the NSLDS.

Recommendation: This is a repeat finding and management should develop an effective corrective action plan

> to address this matter in a timely manner. As institutions are responsible for timely reporting whether they report directly or via a third-party servicer, we recommend that the institutions implement a review process to ensure they are promptly notifying the U.S. Department of

Education and NSLDS of changes in a student's status in a timely and accurate manner.

Management acknowledges the finding. See corrective action plan.

Views of Responsible Officials and **Planned Corrective**

2016-009 PROGRAM INCOME

Federal Program Information: Federal Agency and Program Name CFDA#

84.007/84.033/ 84.038/84.063/ 84.268/84.379/ 93.264/93.342/ 93.364

Criteria:

2 CFR 200.303 states that the West Virginia Department of Education must "(a) establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards. (c) Evaluate and monitor the non-Federal entity's compliance with statute, regulations and the terms and conditions of Federal awards. (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings. (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, state and local laws regarding privacy and obligations of confidentiality."

Condition:

The institutions are required to have internal controls in place surrounding the program income process. During our testing of the institution, it was determined that West Virginia State University (WVSU) did not have a formalized internal control process, such as a formalized review and approval control, surrounding the program income process.

Ouestioned Costs:

Context: Total federal Perkins Loans expenditures for the Student Financial Aid cluster were

\$50,257,882 for the year ended June 30, 2016.

Cause: Turnover within the institution's Finance Department led to employees taking on additional

tasks and thus certain responsibilities were not addressed in a timely manner.

Effect: Principal and interest repayments made by students and reimbursements for cancelled loans

may not be properly accounted for in the institution's records in a timely manner, may not be

properly calculated, or may not be used in accordance with program requirements.

We recommend that the institution strengthen their control procedures by having **Recommendation:**

2016–013 WVDRS TRANSACTION APPROVAL CONTROLS (Prior Year Finding 2015–020)

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Education

Rehabilitation Services – Vocational Rehabilitation

Grants to State 84.126

Grant Awards H126A150073/H126A160073

Criteria: 2 CFR 200.303(a) requires that a non-Federal entity must "establish and maintain effective

internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations,

and the terms and conditions of the Federal award."

Management of WVDRS is responsible for establishing and maintaining adequate controls

related to the approval of federally funded payroll and non-payroll transactions.

Condition: Payroll transactions for salaried employees were not approved by someone with appropriate

approval authority from July 1, 2015 through May 31, 2016 for either program.

For Vocational Rehabilitation, approval was not maintained in the system or evidenced on

the source documents for 19 of 60 payroll transactions

Questioned Costs: N/A

Context: Payroll expenditures for the impacted time frame and total federal expenditures for the

Vocational Rehabilitation Grant were \$7,422,392 and \$36,820,450, respectively, for the year

ended June 30, 2016.

Cause: On June 1, 2016, WVDRS changed payroll systems from EPICS to Kronos. Prior to the

switching from the EPICS payroll system to the Kronos time keeping system on June 1, 2016, certain classes of employees were not required to keep timecards by management. Since moving to the Kronos system on June 1, 2016, all employees must now keep timecards. Because the system was implemented for the last month of the year, some of our testing samples include payroll that may not have been appropriately approved. Since changing to

the Kronos system, the WVDRS now has a control in place.

Effect: Without supervisory review at the transactional level, disbursements for unallowable costs or

activities could occur.

Recommendation: We recommend that WVDRS strengthen the internal control procedures used to enforce and

monitor authorization procedures.

Views of Responsible Officials and

Planned Corrective

Actions:

Management acknowledges the finding. See corrective action plan.

2016-014 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Well-Integrated Screening and Evaluation for Women

Across the Nation 93.094

Grant Award 2016–5 NU58DP004864-03-00

Criteria:

Title 2 Section 200.502(a) states that "The determination of when a Federal award is expended must be based on when the activity related to the Federal award occurs. Generally, the activity pertains to events that require the non-Federal entity to comply with Federal statutes, regulations, and the terms and conditions of Federal awards, such as: expenditure/expense transactions associated with awards including grants, cost-reimbursement contracts under the FAR, compacts with Indian Tribes, cooperative agreements, and direct appropriations; the disbursement of funds to subrecipients; the use of loan proceeds under loan and loan guarantee programs; the receipt of property; the receipt of surplus property; the receipt or use of program income; the distribution or use of food commodities; the disbursement of amounts entitling the non-Federal entity to an interest subsidy; and the period when insurance is in force.

Title 2 Section 200.516 states that "Known questioned costs that are greater than \$25,000 for a Federal program which is not audited as a major program. Except for audit follow-up, the auditor is not required under this part to perform audit procedures for such a Federal program; therefore, the auditor will normally not find questioned costs for a program that is not audited as a major program. However, if the auditor does become aware of questioned costs for a Federal program that is not audited as a major program (e.g., as part of audit follow-up or other audit procedures) and the known questioned costs are greater than \$25,000, then the auditor must report this as an audit finding."

Condition:

As reported on the West Virginia Schedule of Expenditures of Federal Awards for the Year Ended June 30, 2016, the West Virginia Department of Health and Human Resources (DHHR) received funds from the United States Department of Health and Human Services (HHS) for the Well-Integrated Screening and Evaluation for Women Across the Nation (WISE Women) program and passed through a portion of those funds to a subrecipient. During our fraud inquiries at one of the state-run universities, we were informed that an employee of the university, who was providing supportive services for the subrecipient, had purposefully and intentionally misused some of the WISE Women funds to purchase goods and services for personal gain. Once discovered, the university dismissed the employee, immediately reported the matter to the DHHR, and began an internal investigation. The DHHR immediately reported the misuse of funds to the HHS, conducted their own investigation, and arrived at an amount to return to the HHS. The DHHR is currently awaiting further instructions from the HHS regarding repayment procedures.

Questioned Costs: \$42,951 – CFDA# 93.094

Context: The federal expenditures for the WISE Women program were \$601,995 for the year ended

June 30, 2016.

Cause: The employee who misused the funds violated the policies and procedures in place at the

state-run university surrounding the procurement of goods and services.

Effect: Federal funds are used for unallowable goods and services.

2016–014 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (continued)

Recommendation:

In addition to completing their investigation, we recommend that the DHHR obtain the results of the investigation conducted by the state-run university, instruct supporting staff at the university to enhance their internal controls if necessary, and continue working with the HHS regarding repayment procedures.

Views of Responsible Officials and Planned Corrective Management acknowledges the finding. See corrective action plan.

2016–015 ELIGIBILITY

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Temporary Assistance for Needy Families (TANF) 93.558

Grant Award 2015 – 2015G996115 Grant Award 2016 – 2016G996115

Criteria: Any family that includes an adult or minor child head of household or a spouse of the head

of household who has received assistance under any State program funded by federal Temporary Assistance for Needy Families (TANF) funds for 60 months (whether or not consecutive) is ineligible for additional federally funded TANF assistance. However, the State may extend assistance to a family on the basis of hardship, as defined by the State, or if a family member has been battered or subjected to extreme cruelty. In determining the number of months for which the head of household or the spouse of the head of household has received assistance, the State must not count any month during which the adult received the assistance while living in Indian country or in an Alaskan Native Village and the most reliable data available with respect to that month (or a period including that month) indicate at least 50% of the adults living in Indian country or in the village were not employed (42 USC 608(a)(7); 45 CFR sections 264.1(a), (b), and (c)). Further, the average monthly number of families that include an adult or minor child head of household, or the spouse of the head of household, who has received assistance under any State program funded by federal TANF funds for more than 60 countable months (whether or not consecutive) may not exceed 20 percent of the average monthly number of all families to which the State provided assistance during the fiscal year or the immediately preceding fiscal year (but not both), as the State

may elect (42 USC 608(a)(7)(C)(ii); 45 CFR sections 264.1(c) and (e)).

Condition: During analysis of the TANF Data Report, ACF 199, one individual was noted to have

received TANF benefits for 61 months.

Ouestioned Costs: \$301 - CFDA# 93.558

Context: Total federal expenditures for TANF for the fiscal year ended June 30, 2016, were

\$70.851.028.

Cause: There was a processing error in March 2016 causing the benefit month not to be counted.

Effect: Ineligible claims have been reimbursed using federal funds.

DHHR should periodically review their system processing to ensure that errors have not **Recommendation:**

Management acknowledges the finding. See corrective action plan.

occurred.

Views of Responsible Officials and **Planned Corrective**

2016-016 SPECIAL TESTS AND PROVISIONS - SANCTIONS CONTROLS (Prior Year Findings 2015-024, 2014-018, 2013-036, 2012-056)

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Temporary Assistance for Needy Families (TANF) 93.558

Grant Award 2015 – 2014G996115 Grant Award 2016 – 2015G996115

Criteria:

2 CFR 200.303(a) requires that a non-Federal entity must "establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

The following applies to sanctions imposed on recipients of TANF benefits for failure to comply with child support enforcement requirements, refusal to engage in required work activities and refusal to engage in required work if the individual is a single adult custodial parent caring for a child less than six years of age.

"If the child support enforcement agency determines that an individual is not cooperating, and the individual does not qualify for a good cause or other exception established by the State agency responsible for making good cause determinations in accordance with section 454(29) of the Act or for a good cause domestic violence waiver, then the child support enforcement agency must notify the TANF agency promptly and the TANF agency must take appropriate action by 1) deducting from the assistance that would otherwise be provided to the family of the individual an amount equal to not less than 25 percent of the amount of such assistance; or 2) denying the family any assistance under the program" (45 CFR section 264.30(2)(b) and (c)).

"If an individual refuses to engage in work required under section 407 of the Act, the State must reduce or terminate the amount of assistance payable to the family, subject to any good cause or other exceptions the State may establish. The State must, at a minimum, reduce the amount of assistance otherwise payable to the family pro rata with respect to any period during the month in which the individual refuses to work. The State may impose a greater reduction, including terminating assistance" (45 CFR section 261.14(a)(b) and (c)).

"The State may not reduce or terminate assistance based on an individual's refusal to engage in required work if the individual is a single adult custodial parent caring for a child under six who has a demonstrated inability to obtain needed child care, as specified at Sec 261.56" (45 CFR section 261.15(a)).

Condition:

DHHR has policies and procedures in place surrounding the issuance or removal of sanctions. However, the control documentation provided by DHHR is not adequate to ensure that sanctions could not be issued or removed against TANF recipients in error or without appropriate cause by a caseworker.

In assessing whether adequate controls are in place surrounding the issuance and removal of sanctions evidence of caseworker training on the sanctions process, supervisor approval of third-level sanctions, and notification to recipient of opportunity to establish good cause were considered as complimentary controls over the sanctions process. These controls were tested and determined not to be effective.

Questioned Costs: N/A

2016-016 SPECIAL TESTS AND PROVISIONS - SANCTIONS CONTROLS (Prior Year Findings 2015-024, 2014-018, 2013-036, 2012-056) (continued)

Context: Total federal expenditures for TANF for the fiscal year ended June 30, 2016 were

\$70,851,028.

Cause: There is lack of sufficient documentary evidence to rely on controls surrounding the issuance

or removal of sanctions against TANF recipients.

Effect: Recipient benefits may potentially be reduced or increased in error or without appropriate

cause.

Recommendation: This is a repeat finding and management should develop an effective corrective action plan

to address this matter in a timely manner. We recommend that DHHR management implement policies and procedures that show evidence of control activity prior to the issuance or removal of sanctions. Evidence may include documentation that each recipient was afforded an opportunity to establish good cause prior to the imposition of a sanction in the form of a notification of good cause appointment. Additionally, documentation may include evidence that all caseworkers with access to issue or remove sanctions have read and understand the policies and procedures surrounding the issuance and removal of sanctions, as well as, evidence that caseworkers are made aware of any changes to procedures for the issuance and removal of sanctions that occur subsequent to their initial training. Evidence should also be maintained to document supervisor review of sanctions that are lifted on recipient cases when the benefit amount is increased. We recommend that a log of instances in which a supervisor approves his/her own sanction be maintained and periodically reviewed to ensure the sanctions are reasonable. The supervisor approval and log should be clearly documented, whether electronically in the information technology system or by other means.

Views of Responsible Officials and Planned Corrective Actions: Management acknowledges the finding. See corrective action plan.

2016-017 DHHR INFORMATION SYSTEM AND RELATED BUSINESS PROCESS CONTROLS (Prior Years Finding 2015-025, 2014-016, 2013-034)

Criteria:

2 CFR 200.303 states that the West Virginia Department of Health and Human Services must "(a) establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards. (c) Evaluate and monitor the non-Federal entity's compliance with statute regulations and the terms and conditions of Federal awards. (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings. (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-federal entity considers sensitive consistent with applicable Federal, state and local laws regarding privacy and obligations of confidentiality."

45 CFR 95.621 (3) states that "State agencies shall review the ADP system security of installations involved in the administration of HHS programs on a biennial basis. At a minimum, the reviews shall include an evaluation of physical and data security operating procedures, and personnel practices.

2016-017 DHHR INFORMATION SYSTEM AND RELATED BUSINESS PROCESS CONTROLS (Prior Years Finding 2015-025, 2014-016, 2013-034) (continued)

OMB Circular A-133 section 300b states that the West Virginia Department of Health and Human Resources (DHHR) is responsible for maintaining "internal control over Federal programs that provides reasonable assurance that management is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

Condition:

Family and Children Tracking System (FACTS): DHHR operates a wide variety of computer applications, many of which affect federal and State programs' data. Our review of the information system controls noted that adequate segregation of duties does not exist for the FACTS information system. Certain users have the ability to both create and approve cases. We noted that management implemented a mitigating detective control for the Foster Care program during fiscal year 2012 in response to this repeat finding; however, it was not designed to encompass the Adoption Assistance program or automatic payments in the Foster Care program. Additionally, no supervisory review is required for provider payment information input into the system. The system payment and supervisory approval functionality is in accordance with the business rules of the Bureau for Children and Families. During our testing of current year Foster Care and Adoption Assistance benefits, we noted the following:

- For 26 out of 60 cases selected for testing of Foster Care benefit payments, no one had formally reviewed the automatic payments to individuals. During each month, the account manager reviewed all automatic payments in the system and continued to mark the account as approved; however, there is no evidence of a reviewer each time a payment is made.
- For 10 out of 60 cases selected for testing of Foster Care benefit payments, the request worker in FACTS and approval worker in FACTS was the same person, such that the payment was approved by the assigned caseworker.
- For 60 out of 60 cases selected for testing of Adoption Assistance benefit payments, we noted no approval worker in FACTS.
- During the testing of FACTS payments, it was noted that a duplicate payment was made for 1 Foster Care case.

Additionally, changes in the status of Foster Care clients are not always updated or reviewed in FACTS prior to the automatic processing of Foster Care payments. The Foster Care program does have reconciliation procedures in place as a detective control; however, there are still instances where this has occurred.

Recipient Automated Payment Information Data System (RAPIDS) Application Suite: Our testing of the controls surrounding eligibility determination noted that adequate segregation of duties does not exist for the RAPIDS system. No supervisory review is required for case information input into the system. Further, it was noted that approval of disbursements only occurs at the batch level, which does not allow the approval worker to review each transaction individually. Finally it was noted that DHHR is only doing limited ADP Risk Analysis and System Security Reviews related to RAPIDS.

Questioned Costs: N/A

2016-017 DHHR INFORMATION SYSTEM AND RELATED BUSINESS PROCESS CONTROLS (Prior Years Finding 2015-025, 2014-016, 2013-034) (continued)

Context:

Total federal expenditures for these programs can be located in the Schedule of Expenditures of Federal Awards. The RAPIDS computer system is utilized to process federal awards for the CHIP, SNAP Cluster, TANF, LIHEAP, and Medicaid Cluster programs. The FACTS computer system is utilized to process federal awards for the Adoption Assistance, Foster Care, and Child Care Cluster programs.

The table below identifies the programs and federal compliance requirements impacted.

Federal Program	System	Compliance Requirements Impacted	
CHIP	RAPIDS	Eligibility	
SNAP Cluster	RAPIDS	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Period of Availability of Federal Funds/Period of Performance, Special Tests and Provisions – ADP System for SNAP	
TANF	RAPIDS	Activities Allowed or Unallowed, Allowable Costs/Cost Principles	
LIHEAP	RAPIDS	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Eligibility, Period of Availability of Federal Funds/Period of Performance	
Medicaid Cluster	RAPIDS	Eligibility, Special Tests and Provisions – ADP Risk Analysis and System Security Review	
Adoption Assistance	FACTS	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Eligibility	
Foster Care	FACTS	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Eligibility	
CCDF Cluster	FACTS	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Eligibility	

Cause:

Policies and procedures have not been adequately updated for changes in the processing of eligibility. Furthermore, management indicated that a lack of personnel resources contributes to the proper segregation of duties issue and failure to complete all required compliance supplement security review procedures.

Effect:

Without proper segregation of duties or adequate detective controls, the ability exists for certain information system users to create and approve cases and demand payments within the FACTS application. Information can be input into the FACTS application or modified within the application without supervisory review, which could lead to payments being made to ineligible applicants, for the improper amount, or for an improper length of time.

Without proper segregation of duties or adequate detective controls, the ability exists for case workers to input unsupported information into an applicant's eligibility calculation within RAPIDS. Further, without supervisory review at the transactional level, disbursements for unallowable costs or activities could occur. Without adequate system security reviews security issues could go undetected.

2016-017 DHHR INFORMATION SYSTEM AND RELATED BUSINESS PROCESS CONTROLS (Prior Years Finding 2015-025, 2014-016, 2013-034) (continued)

Recommendation:

This is a repeat finding, and management should develop an effective corrective action plan to address this matter in a timely manner. We recommend that access to various FACTS system applications be restricted to a limited number of users. Controls should be established to ensure that an individual is limited to either creating or approving cases or payments. A detective control should be implemented that would require a review of all individual cases and payments with the same request and approval worker to ensure that cases and payments created and approved were appropriate.

Further, we recommend that a formal review process be implemented to ensure that information input into FACTS and RAPIDS is properly reviewed by authorized individuals prior to payment. We also recommend that a formal ADP risk analysis and system security review be conducted on RAPIDS.

Views of Responsible Officials and Planned Corrective Actions: Management acknowledges the finding. See corrective action plan.

2016-018 ALLOWABILITY AND ELIGIBILITY (Prior Year Findings 2015-026, 2014-021)

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Low-Income Home Energy Assistance 93.568

Grant Award G–14B1WVLIEA Grant Award G–1401WVLIE4 Grant Award G–15B1WVLIEA

Criteria: The eligibility compliance requirements of LIHEAP require the West Virginia Department

of Health and Human Resources (DHHR) to determine whether federal monies are spent in

accordance with the eligibility guidelines promulgated by 42 USC 8624(b)(2).

Condition: During our testing of 60 benefit payments for eligibility and allowability, we noted the

following:

For 23 of the 60 benefit payments, Section IV Agency Use was either not completed at

all or partially completed by the DHHR caseworker prior to payment.

Questioned Costs: \$4,707 – CFDA# 93.568

Context: The twenty-three instances (23 of 60 case files) represent \$4,707 of benefit payments out of

total benefit payments \$9,113. Total payments for benefit assistance for the LIHEAP program for the fiscal year ended June 30, 2016 were \$25,412,627. The federal expenditures for the

LIHEAP program for the fiscal year ended June 30, 2016, were \$28,398,270.

Cause: Management indicated that the errors were due to caseworker oversight.

Effect: A payment may have been made for ineligible recipients and some payments were not

properly approved and/or supported with appropriate documentation.

Recommendation: This is a repeat finding and management should develop an effective corrective action plan

to address this matter in a timely manner. We recommend that DHHR evaluate the effectiveness of the current training programs for the LIHEAP program to ensure adequate technical training is provided. Furthermore, DHHR should follow established policies and procedures to ensure that necessary approvals are obtained and the necessary documentation

is maintained in the recipient case files.

Views of Management acknowledges the finding. See corrective action plan.

Responsible Officials and Planned Corrective

STATE OF WEST VIRGINIA SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2016

2016-019 REPORTING DOCUMENTATION

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Low-Income Home Energy Assistance 93.568

Grant Award G14B1WVLIEA Grant Award G1401WVLIE4 Grant Award G15B1WVLIEA Grant Award G1501 WVLIE4 Grant Award G16B1WVLIEA Grant Award G1601 WVLIE4

Criteria:

The reporting compliance requirements of LIHEAP require the West Virginia Department of Health and Human Resources (DHHR) to produce an Annual Report on Households Assisted by LIHEAP (OMB No. 0970-0060). As part of the application for block grant funds each year, a report is required for the preceding fiscal year of (1) the number and income levels of the households assisted for each component and any type of LHEAP assistance (heating, cooling, crisis, and weatherization); and (2) the number of households served that contained young children, elderly, or persons with disabilities, or any vulnerable household for each component. Territories with annual allotments of less than \$200,000 and Indian tribes are required to report only on the number of households served for each component (42 USC 8629; 45 CFR section 96.82). Management of the LIHEAP program is responsible for providing all supporting documentation requested for testing during the audit.

2 CFR 200.303(a) requires that a non-Federal entity must "establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

OMB Circular A-133 section 300b states that the West Virginia Department of Health and Human Resources (DHHR) is responsible for maintaining "internal control over Federal programs that provides reasonable assurance that management is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

Condition:

The Annual Report on Households Assisted by LIHEAP was provided. However, documentation to support the number of assisted households and number of applicant households reported was not provided.

Ouestioned Costs: N/A

Context: The federal expenditures for the LIHEAP program for the fiscal year ended June 30, 2016,

were \$28,398,270. The number of assisted households and number of applicant households

reported were 62,708 and 66,911, respectively.

Cause: Management of the LIHEAP program did not provide supporting documentation to the

auditors.

Effect: The number of assisted households and number of applicant households reported on the

Annual Report on Households Assisted by LIHEAP may be incorrect and may affect the

amount of block grant funds received.

2016-019 REPORTING DOCUMENTATION

(continued)

Recommendation: We recommend that the DHHR verify the numbers reported on the Annual Report on

Households Assisted by LIHEAP by obtaining the appropriate support. Furthermore, Management of the LIHEAP program should ensure that all documentation supporting transactions or compliance requirements subject to audit be maintained and readily available if requested. Timely receipt of supporting documentation is crucial for the completion of the

audit.

Views of Responsible Officials and Planned Corrective

Actions:

Management acknowledges the finding. See corrective action plan.

2016-020 DISASTER RECOVERY PLAN

(Prior Year Findings 2015–027, 2014-022, 2013–38)

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Child Care and Development Fund (CCDF) Cluster 93.575/93.596

Grant Award G1601WVCCDF Grant Award G1501WVCCDF

Criteria: 2 CFR 200.303 states that the West Virginia Department of Health and Human Services must

"(a) establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards. (c) Evaluate and monitor the non-Federal entity's compliance with statute, regulations and the terms and conditions of Federal awards. (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings. (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, state and local laws regarding privacy and obligations of confidentiality."

OMB Circular A-133 section 300b states that the West Virginia Department of Health and Human Resources (DHHR) is responsible for maintaining "internal control over Federal programs that provides reasonable assurance that management is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

Condition: DHHR utilizes various service providers for performing certain routine and critical data

gathering activities necessary for the operation of its federal and state programs; however, DHHR has not fully developed formal policies and procedures to ensure that these service

providers have adequate disaster recovery procedures in place.

Questioned Costs: N/A

Context: Total federal expenditures for the CCDF Cluster for fiscal year ended June 30, 2016, were

\$29,823,587.

Cause: Service providers who maintain certain critical records for the processing of allowability and

eligibility of CCDF Cluster payments may not have adequate disaster recovery plans in place.

Effect: Critical data supporting allowability and eligibility may not be adequately safeguarded from

loss which could result in disallowed costs.

Recommendation: This is a repeat finding and management should develop an effective corrective action plan

to address this matter in a timely manner. We recommend that DHHR continue its current efforts to ensure that all regional child care agencies have sufficient disaster recovery and backup procedures in place to safeguard the eligibility and allowability documentation supporting transactions. Furthermore, DHHR should ensure that the procedures are

periodically updated and tested for effectiveness and completeness.

2016-020 DISASTER RECOVERY PLAN

(Prior Year Findings 2015–027, 2014-022, 2013–38) (continued)

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Child Care and Development Fund (CCDF) Cluster 93.575/93.596

Grant Award G1601WVCCDF Grant Award G1501WVCCDF

Criteria: 2 CFR 200.303 states that the West Virginia Department of Health and Human Services must

"(a) establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards. (c) Evaluate and monitor the non-Federal entity's compliance with statute, regulations and the terms and conditions of Federal awards. (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings. (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, state and local laws regarding privacy and obligations of confidentiality."

OMB Circular A-133 section 300b states that the West Virginia Department of Health and Human Resources (DHHR) is responsible for maintaining "internal control over Federal programs that provides reasonable assurance that management is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

could have a material effect on each of its reactar programs.

Condition: Child Care payments resulting from fraud are identified and documented within quarterly

reconciliation spreadsheets. The current year quarterly reconciliation spreadsheets identified fraudulent claims established in the previous fiscal year that had not been identified in the

previous fiscal year quarterly reconciliation spreadsheets.

Questioned Costs: N/A

Context: Total federal expenditures for the CCDF Cluster for fiscal year ended June 30, 2016, were

\$29,823,587.

Cause: The West Virginia Department of Health and Human Resources experienced a lot of staff

turnover during the fiscal year which caused inconsistencies in the way fraudulent claims

were identified and reported.

Effect: Payments resulting from fraud may not be identified and recovered in a reasonable amount

of time.

Recommendation: The West Virginia Department of Health and Human Resources should adequately train new

staff on the processes and controls surrounding the fraud detection and recovery reconciliation process to ensure that all fraudulent claims are identified in the appropriate

fiscal year.

2016–022 ELIGIBILITY DOCUMENTATION

(Prior Year Finding 2015–029)

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Health and Human Services

Adoption Assistance 93.659

Grant Award 1501WVADPT Grant Award 1601WVADPT

Criteria: Section 473 of the Social Security Act states that the Adoption Assistance Agreement must

be in effect prior to the adoptive parents' receipt of the Adoption Subsidy. Also, 45 CFR 1356.40 states the Adoption Assistance Agreement must be signed and in effect at the time of or prior to the final decree of adoption, and a copy of the signed agreement must be given to each party. Further, the eligibility compliance requirements of the Adoption Assistance program require the West Virginia Department of Health and Human Resources (DHHR) to determine whether federal monies are spent in accordance with the eligibility guidelines promulgated by the Adoption Assistance and Child Welfare Act of 1980. West Virginia State Code §49-3-1 states that consent by an agency or department to adopt a child must be given and a statement of relinquishment and termination of parental rights must be obtained from the birth parents. The Adoption Assistance Policy Manual states that an Adoption Placement Agreement (SSADP48) must be completed and signatures obtained as part of the preliminary adoption procedures after the parental rights have been terminated if the child is not registered

on the Adoption Resource Network (ARN).

Condition: Seven of the 60 cases reviewed for eligibility did not have documents on file to determine

eligibility. One of the 60 cases reviewed for eligibility did not have a IV-E Adoption Assistance Eligibility Determination Form on file. One of the 60 cases reviewed for eligibility had an Adoption Agreement that was signed before the Adoption Placement Agreement. Four of the 60 cases reviewed for eligibility did not have a signed consent form on file. Three of

60 cases did not have an Adoption Placement Agreement.

Ouestioned Costs: \$4,039 – CFDA# 93.659

Context: The seven instances represent \$4.039 out of a total of \$41.465 in total payments tested for

eligibility. Total federal expenditures for the Adoption Assistance program were \$29,291,724

for the year ended June 30, 2016.

Cause: Management indicated that the lack of inclusion of the proper forms in the case files and

inconsistency in the timing of sign-offs were oversights by the caseworker.

Effect: Documentation supporting the original eligibility determination could not be located.

Ineligible or potentially ineligible claims may have been paid using federal funds.

Recommendation: We recommend that DHHR review the current staffing and training programs of the Adoption

Assistance Office to ensure sufficient staff levels are maintained and adequate technical training is provided. Furthermore, the DHHR should establish policies and procedures to

ensure that necessary documentation is filed in the adoption case files.

Management acknowledges the finding. See corrective action plan.

2016-023 REPORTING COMPLIANCE

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Social Security Administration Social Security – Disability Insurance

Grant Awards 04-16 04 WVD100/ 04-15 04WVDI00/ 04-14 04WVDI00

Criteria: The West Virginia Division of Rehabilitation Services is responsible for preparing the

SSA-4514, *Time Report of Personnel Services for Disability Determinations Services* quarterly. The Form SSA-4513 is used to report all obligations (liquidated and unliquidated) on quarterly basis from each State agency. The quarterly reports will report status of cumulative obligations from the beginning of the fiscal year to date of report. Per 2 CFR Part 200, Subpart F of the Uniform Guidance, the auditor is to select a sample of reports to "Perform tests of the underlying data to verify that the data were accumulated and summarized in accordance with the required or stated criteria and methodology, including the accuracy and completeness of the reports." The auditor is also required to "test

96.001

mathematical accuracy of reports and supporting worksheets."

Condition: There was an error in the SSA-4514, *Time Report of Personnel Services for Disability*

Determination Services report as submitted.

Questioned Costs: N/A

Context: Total federal expenditures for the Social Security Disability Insurance grants were

\$19,136,717 for the year ended June 30, 2016.

Cause: The number of hours reported to the Social Security Administration were incorrect due to a

mathematical error in a supporting spreadsheet.

Effect: The number of hours reported on the June 30, 2016 SSA-4514, Time Report of Personnel

Services for Disability Determination Services report's Medical Consultant line was

understated by 552.5 hours.

Recommendation: The West Virginia Division of Rehabilitation Services management should implement

policies and procedures to strengthen the review of the reports and supporting documentation.

Views of Management acknowledges the finding. See corrective action plan.

2016-024 SUBRECIPIENT MONITORING

Federal Program Information: Federal Agency and Program Name CFDA#

U.S. Department of Homeland Security

Disaster Grants - Public Assistance (Presidentially

Declared Disasters)

97.036

Grant Award FEMA–4061-DR-WV
Grant Award FEMA–4071-DR–WV
Grant Award FEMA–4236-DR–WV
Grant Award FEMA–4210-DR–WV
Grant Award FEMA–4293-DR–WV
Grant Award FEMA–4221-DR–WV
Grant Award FEMA–4220-DR–WV
Grant Award FEMA–4219-DR–WV
Grant Award FEMA–4132-DR–WV
Grant Award FEMA–3366-EM–WV
Grant Award FEMA–1918-DR–WV

Criteria:

2 CFR 200.331 establishes pass-through entity responsibilities which include (1) monitoring "the activities of subrecipients as necessary to ensure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved," and (2) ensuring that subrecipients expending \$750,000 or more in Federal awards during the subrecipient's fiscal year have met the audit requirements for that fiscal year.

OMB Circular No. A-133, Subpart D §400 requires a pass-through entity to "monitor the activities of subrecipients as necessary to ensure that federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved." Pass-through entities are required to develop monitoring procedures including programmatic and financial monitoring to ensure subrecipients have used federal funds for authorized purposes.

Condition:

We noted the following issues related to subrecipient monitoring for the West Virginia Division of Homeland Security and Emergency Management (DHSEM):

- DHSEM is not documenting programmatic on-site monitoring.
- DHSEM was unable to provide documentation of which subrecipients had audits completed and filed with DHSEM. Further, management indicated that they review completed auditor reports posted to the State Auditor's website; however, there is no evidence of this review or documentation regarding resolution of any issues identified.

Questioned Costs: Unknown

Context: Total federal expenditures for subrecipients and total federal expenditures for the Disaster

Grants – Public Assistance (Presidentially Declared Disasters) program were \$4,567,726 and

\$30,442,625, respectively, for the year ended June 30, 2016.

Cause: Management indicated discussions have been held and they are working on a process, but we

did not receive any evidence that subrecipient monitoring or audit reports have been tracked

or kept on file.

2016-024 SUBRECIPIENT MONITORING

(continued)

Effect: DHSEM does not have effective policies and procedures and evidential matter to support

subrecipient monitoring; therefore, management may not be able to identify issues in a timely

manner.

Recommendation: DHSEM should develop formalized policies for developing and tracking subrecipient

monitoring reports and for receiving and tracking subrecipient audit reports. Additionally, procedures should be established to evaluate and follow-up on any instances of subrecipient compliance or internal control findings to ensure they are resolved in a timely manner.

Views of Management acknowledges the finding. See corrective action plan.

Criteria: 2 CFR 200.303(a) requires that a non-Federal entity must "establish and maintain effective

internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations,

and the terms and conditions of the Federal award."

OMB Circular A-133 section 300b states that the non-federal entity is responsible for maintaining "internal control over Federal programs that provides reasonable assurance that management is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its

Federal programs."

2016-025 INTERNAL CONTROLS OVER REPORTING

Condition: Management of the West Virginia Division of Homeland Security and Emergency

Management (DHSEM) prepared and submitted the SF-425, Federal Financial Reports,

without going through an appropriate review and approval process.

Questioned Costs: N/A

Context: Total federal expenditures for the Disaster Grants – Public Assistance (Presidentially

Declared Disasters) program were \$30,442,625, for the year ended June 30, 2016.

Cause: DHSEM does not have adequate policies and procedures in place over the reporting process.

Effect: DHSEM is not in compliance with the federal rules and regulations regarding reporting.

Recommendation: We recommend that DHSEM implement controls over the report submission process. At a

minimum, such controls should include a documented review and approval process that ensures reported amounts agree with supporting documentation. We recommend that the

review be performed by an individual independent of the data entry process.

Views of Management acknowledges the finding. See corrective action plan.

duties, where the person responsible for initiating the draw is not the same person who processes drawdowns from Title IV funds. The actual recording of the drawdown is performed by another employee. To document the review, the reviewer of the processing action requests will affix their signature and date reviewed on respective documents. There has been no instance where excess cash was maintained at the college.

2016-008 SPECIAL TESTS AND PROVISIONS – ENROLLMENT REPORTING

BlueRidge Community and Technical College, Mountwest Community and Technical College, New River Community and Technical College, West Virginia Northern Community and Technical College, West Virginia State University, Shepherd University, West Liberty University, and West Virginia University - Parkersburg

CFDA Numbers 87.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264, 93.342, and 93.364

BlueRidge Community and Technical College (BlueRidge) response

BlueRidge has improved the internal control process regarding the Enrollment Verification Process by maintaining documentation of each step that is performed. Documentation of the audit files are saved; if any changes are required, a second audit will be conducted and files saved. Prior to the final file being uploaded to the National Student Clearinghouse (Clearinghouse), a quality review is conducted on a random sample and documentation is maintained. Final files are then uploaded to the Clearinghouse's secure File Transfer Protocol (FTP) site and any error reports are reviewed by a separate staff member. Accepted Clearinghouse files are saved and reviewed for rejects.

Mountwest response

Mountwest's Registrar's Office will communicate the dates of enrollment file transmissions each year with the Financial Aid Office. This communication will aid in the coordination and verification of the files going to National Student Loan Data System (NSLDS) in the required amount of time. The first enrollment file will be sent right after the schedule adjustment period each semester with subsequent

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

transmissions every 30-45 days and an end of term transmission no later than two weeks after classes end.

New River Community and Technical College (New River) response

New River will verify the file layout prior to submission to NSLDS for any new enhancements to prevent an incorrect file being submitted. If errors or delays occur in the future, New River will contact Clearinghouse much earlier in the process to seek assistance in correcting the issue.

West Virginia Northern Community and Technical College (Northern) response

Northern will report all students directly to NSLDS while continuing to reporting to the Clearinghouse for enrollment verifications and additional services. Northern will add a step to its R2T4 process where the financial aid office includes a copy of the NSLDS enrollment screen in its documentation of the withdraw. Northern anticipates this will not create an overlap with mixed information to NSLDS but are aware and cautious that this could occur. Northern is exploring, prior to the 2017-2018 term, avenues of direct batch reporting to NSLDS through the Banner system.

Shepherd response

Shepherd has developed additional procedures for enrollment reporting. While the Registrar's Office continues to send transmissions to the Clearinghouse on a monthly basis, the Office of Financial Aid (OFA) has implemented the following practices:

- 1. The Registrar's Office notifies the OFA when a student withdraws from Shepherd. If an R2T4 calculation is performed and reviewed by the senior counselor, the withdraw date is manually reported on NSLDS. If it is past the date for an R2T4, the counselor will manually update the withdraw date on NSLDS within thirty days of the withdrawal.
- 2. When degrees are confirmed in August, December, and May, the Registrar's Office will send a list of graduates to the OFA. A financial aid counselor will manually update NSLDS with the graduation date within thirty days of said graduation.

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

Connie Byrne Single Audit Coordinator (304) 558-4083

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

3. Beginning with the fall 2017 term, a financial aid counselor will run a report at the end of the add/drop period of all students that have enrolled less than half time. These students will have those dates manually updated on NSLDS by a counselor. At the beginning of each month thereafter, a report will be run and all students that have dropped below half time will have that date manually updated on NSLDS.

West Liberty University (West Liberty) response

West Liberty decided to enhance the reporting processes by double checking all graduated and withdrawn students in NSLDS with a Financial Aid Counselor as they complete the checks with Exit Counseling. This will allow for a second layer of control to check completion, as well as correct status dates. Weekly Withdrawn Student files will be uploaded, to allow for more timely reporting.

West Virginia State University (WVSU) response

The Office of Student Financial Assistance (SFA) has established an internal control improvement plan which involves increasing communication between the IT Department and the SFA. WVSU will ask the IT Department to share with The SFA confirmation of the submission dates. WVSU will work closely with the Registrar to correct any rejected files and report corrected data to the Clearinghouse within the 30 day required timeframe. If there is a concern that a file has not been sent or received, the Director of SFA will work with the Registrar and the IT Department to confirm the enrollment report has been submitted within the required reporting timeline. The Director of SFA will make sure the changes are reflected on NSLDS within the 30 day requirement.

WVU - Parkersburg (WVUP) response

WVUP will implement a process in which the Records Office will forward the confirmation information to the Director of Financial Aid. The financial aid staff, with NSLDS access, will review enrollment verification submission to make sure it is posted to NSLDS within the required timeframe.

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

WVSU is working on strengthening the control procedures by printing and signing all reconciled monthly ECSI (Perkins Loans) reports. Previously WVSU was not formally documenting the monthly report reconciliation that was being performed by viewing the reports via the web and the ECSI system for accuracy.

2016-010 SPECIAL TESTS AND PROVISIONS – RETURN OF TITLE IV FUNDS

BlueRidge Community and Technical College, West Virginia State University, Shepherd University, West Virginia University - Parkersburg

CFDA Numbers 87.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264, 93.342, and 93.364

BlueRidge response

Blueridge has improved the internal control process regarding the calculation of the return to Title IV funds process. The Financial Aid (FA) Director will systematically review accounts for the need to conduct a Title IV aid return; for those needing a return the FA Counselors will complete the return process utilizing the return worksheets on Financial Aid Administrators (FAA) Access. Once the worksheet is complete the FA Director will conduct a quality review; then the FA Counselors will submit the return and funding information to the Finance Office. The Senior Counselor will update accounts as appropriate. This notification is also provided to the FA Director and the Vice President of Enrollment Management. The FA office will notify students of the return process by providing the student with a copy of the return worksheet.

Shepherd response

Shepherd created a R2T4 Review Form to be used by a financial aid counselor when the calculation is completed. The review form is signed by the counselor that prepared the calculation and all documentation is

STATE OF WEST VIRGINIA DEPARTMENT OF ADMINISTRATION Financial Accounting & Panasting Section

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

given to the senior financial aid counselor to review. Once the second review is complete, the review form is signed by the senior counselor and a letter is generated for the director to review and sign. Shepherd's policy and procedures have been updated to reflect these changes.

WVSU response

The Office of Student Financial Assistance has established an internal control procedure for Return of Title IV Funds. The Financial Aid Counselor responsible for performing the R2T4 calculations will follow the policy for calculating the returns for withdrawn students. The Financial Aid Counselor will provide the calculation to the Associate Director for verification. The Associate Director will review the calculations and sign off on the form created for this process. This process will be saved and documented in the Office of Student Financial Assistance's Policy and Procedures Manual.

WVU Parkersburg response

WVUP will implement a process in which every R2T4 calculation is reviewed and signed off by 2 members of financial aid staff, to ensure all information and calculations are complete and correct.

2016-011 SPECIAL TESTS AND PROVISIONS – VERIFICATION Mountwest Community and Technical College CFDA Numbers 87.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264, 93.342, and 93.364

Mountwest response

Mountwest employees will initial the internal file worksheets to document that the initial review was completed. The second reviewer will document the file with their initials to verify that a second review was completed. The Internal Professional Judgement Worksheet will be used and annotated with initials for each professional judgement decision.

Connie Byrne Single Audit Coordinator (304) 558-4083

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

2016-012 ELIGIBILTIY Division of Rehabilitation Services CFDA Number 84.126

The Department of Health and Human Resources (DHHR) Bureau for Children and Families (BCF) released a memorandum on April 27, 2015, to remind staff to ensure that all information is included in the case files prior to archiving or transferring specialized agency adoptions to the state office. Furthermore, the BCF will also continue reviewing case files at the state office (central) level to ensure completion and accuracy and will consider updating its training program to address the proper maintenance of eligibility documentation.

2016-013 WVDRS TRANSACTION APPROVAL CONTROLS Division of Rehabilitation Services CFDA Numbers 84.126

Division of Rehabilitation Services (DRS) has reviewed all policies and procedures that are currently in place related to payroll and developed new policies and procedures needed to ensure payroll is properly approved. The DRS has taken corrective action to ensure that the methods for approvals are implemented on a consistent basis. The implementation of the KRONOS payroll system has corrected this finding.

2016-014 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS Department of Health and Human Resources CFDA Numbers 93.094

The DHHR will continue with the course of action already in place, including but not limited to working with the state-run university to resolve the matter and working with the U.S. Department of Health and Human Services (DHHS) regarding repayment, as the total amount associated with the misuse of funds might cross several project periods and might be a higher amount than the \$42,951 questioned by the auditors.

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

Connie Byrne Single Audit Coordinator (304) 558-4083

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

2016-015 ELIGIBILITY Department of Health and Human Resources CFDA Number 93.558

The root cause of the condition that led to the finding was that a batch job that advances the ADCW Ticker did not run successfully for March 2016. The "ADCW Ticker" is also referred to as the "TANF Clock." The TANF Clock advances with each TANF cash benefit issuance cycle. The DHHR BCF believes that the condition was a one-time incident that happened due to a change in vendors that handled the data system. Per the DHHR Office of Management Information Services, the problem was corrected in June 2016.

2016-016 SPECIAL TESTS AND PROVISIONS - SANCTIONS CONTROLS Department of Health and Human Resources CFDA Number 93.558

In response to the same finding for fiscal year 2011 (2011-44), the DHHR discussed this matter with the United States Department of Health and Human Services, Administration for Children and Families (ACF) in fiscal year 2014, whereby the ACF reviewed the policies and procedures in effect within the DHHR BCF surrounding the issuance and removal of sanctions and determined the policies and procedures to be adequate. The complimentary controls referenced by the auditors in the condition section of the finding are based on the same policies and procedures reviewed and approved by the ACF. However, given that the control documentation provided to the auditors was not adequate to ensure that sanctions could not be issued or removed against TANF recipients in error or without appropriate cause, the DHHR will reexamine all the correspondence from prior years regarding the complimentary controls and will consider whether it is necessary for the BCF to develop any new policies and procedures as a means to enhance said controls and thus show greater evidence of control activity prior to the issuance or removal of sanctions.

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

Connie Byrne Single Audit Coordinator (304) 558-4083

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

2016-017 DHHR INFORMATION SYSTEM AND RELATED BUSINESS PROCESS CONTROLS

Department of Health and Human Resources CFDA Numbers 10.551, 10.561, 93.558, 93.568, 93.575, 93.596, 93.658, 93.659, 93.767, 93.775, 93.777, and 93.778

The DHHR continues to assess the possibility of implementing additional controls related to automatic payments. For the foster care benefit payments that are issued automatically without evidence of someone formally reviewing the payments, this is a long-standing issue that is driven by the business processing rules in place within the DHHR programmatic bureau. It is not a system issue because the system is supporting the business rules requested simply BCF. Nonetheless, many controls and verifications exist around the establishment of eligibility for Federal financial participation. Supervisor approval is necessary to place a child in a paid foster care setting, which in turn will generate a monthly payment, but the BCF is on record as defending their decision to not require a hard approval process to release each month's payments, as administrative burden and related cost of requiring a secondary level of review for all case information entered into the system would far outweigh the benefits derived from such a process.

For the foster care benefit payments that are requested and approved by the same person, this too is a long-standing issue that is driven by the business processing rules in place within the DHHR programmatic bureau. However, the DHHS has issued a new requirement that existing Statewide Automated Child Welfare Information System (SACWIS) make modifications or build new systems to conform to a new set of system requirements known as a Comprehensive Child Welfare Information System (CCWIS). The changes went into effect August 2016, and the state has until October 2019, to begin migration or implementation. The CCWIS will replace the SACWIS and the DHHR is looking towards the new CCWIS as an opportunity to possibly add some levels of approval and thus improve the overall internal controls surrounding foster care benefit payments.

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

Connie Byrne Single Audit Coordinator (304) 558-4083

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

For the adoption assistance benefit payments, an approval process does not exist within the system, as this too was a business processing rule established by the programmatic bureau at the time the system was developed and implemented. However, the adoption subsidy function is limited to only one individual in the entire state through database and application security roles. Since the subsidy is a negotiated benefit that must be declared for the prospective parents, guardian ad-litem, and judge to approve and sign on the adoption finalization order, the amount and frequency has already been decided upon and documented for all parties in the adoption agreement. Nonetheless, when defining the system requirements for the new CCWIS, the DHHR will attempt to persuade and work with the bureau to establish an approval process for adoption assistance benefit payments.

The DHHR will continue to work with the Office of Management Information Services to resolve the issues in this finding.

2016-018 ALLOWABILITY AND ELIGIBILITY Department of Health and Human Resources CFDA Number 93.568

The DHHR BCF addressed the finding in December 2016, by making various revisions to the Income Maintenance Manual, the purpose of which was to clarify the exact manner by which a worker is to complete Section IV of the Low Income Home Energy Assistance Program (LIHEAP) application.

2016-019 REPORTING DOCUMENTATION Department of Health and Human Resources CFDA Number 93.568

The DHHR Office of Management Information Services, in conjunction with the BCF, will evaluate the criteria and data ranges within the DHHR system that generates the Annual Report on Households Assisted by LIHEAP, as the report was developed several years ago by a separate vendor and is currently not producing an accurate count of LIHEAP households for the periods requested by the auditors. The DHHR will be working with a new vendor in the coming months to

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

Connie Byrne Single Audit Coordinator (304) 558-4083

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

review the report in detail and to make the appropriate modifications as necessary to ensure that future reports can capture all households [and other relevant information] for any period.

2016-020 DISASTER RECOVERY PLAN Department of Health and Human Resources CFDA Numbers 93.575 and 93.596

As an alternate solution to the condition that led to the finding, the DHHR BCF plans to utilize the File Cabinet feature in Family and Children Tracking System (FACTS) and instruct the external Research and Referral Agencies to scan pertinent records into the FACTS File Cabinet for the specific cases. The File Cabinet is a distinct function in FACTS that serves as a simple electronic document management system allowing the storage of both software documents (files in electronic format) and images of hard copy documents (scanned pictures of paper documents). The function is entirely integrated into the FACTS case record such that a document is permanently attached exclusively to a case/referral/provider record in which it was entered. Since the documents are only found within the focus of the case/referral/provider, access to the contents are secured to only the users that have the security and permissions to access the type of case/referral/provider.

2016-021 SPECIAL TESTS AND PROVISIONS – FRAUD DETECTION AND REPAYMENT CONTROLS

Department of Health and Human Resources CFDA Numbers 93.575 and 93.596

The DHHR has already informed the relevant parties of this matter and will ensure the auditors receive the correct reconciliation spreadsheet during fieldwork for fiscal year 2017. Furthermore, although there are policies and procedures and related controls already in place within the DHHR BCF and the Office of Inspector General surrounding fraud detection and recovery procedures for the child care program, to address the issue of staff turnover and the auditors' recommendation to ensure that new staff are adequately trained on the processes and controls, the DHHR will compile and organize the various policies and procedures and will disseminate internally to ensure that every relevant staff

Financial Accounting & Reporting Section 2101 Washington Street, East Charleston, WV 25305 Dave Mullins Acting Director of Finance (304) 558-6181

Connie Byrne Single Audit Coordinator (304) 558-4083

CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2016

member understands his or her current role in the fraud detection and repayment process.

2016-022 ELIGIBILITY DOCUMENTATION Department of Health and Human Resources CFDA Number 93.659

It is important to note that the State's independent auditors are reviewing cases and related files established as far back as FY 1995 because of adoption payments in fiscal year 2016 and the fact that payments related to adoptions can occur for up to 21 years (current audit is for fiscal year 2016 minus 21 years equals fiscal year 1995). The DHHR BCF implemented additional controls and developed a checklist in fiscal year 2007, the purpose of which was to ensure that documentation is maintained in case files. However, adoptions consummated prior to the date of the checklist (fiscal year 2007) yet tested as part of an ongoing Single Audit are going to be at risk of receiving the finding until fiscal year 2028 because fiscal year 2028 is when payments for adoptions consummated prior to fiscal year 2007 will cease. Nonetheless, the DHHR recognizes that controls can always be improved. With respect to the current year finding and the seven exceptions/cases denoted therein, the DHHR has asked the BCF about the dates of adoption for each of the cases. If the date of adoption for each of those cases is after the date the BCF implemented the checklist, the DHHR will instruct the BCF to establish additional policies and procedures to ensure that necessary documentation is maintained in case files.

2016-023 REPORTING COMPLIANCE Division of Rehabilitation Services CFDA Number 96.001

While the report did contain accurate data, it did contain a mathematical error which caused one of the line items to be misstated. In response to this error, the agency will strengthen our controls over the review of reports and supporting DRSdocumentation. Further, contacted the Social Security Administration regarding this report to determine if a corrected report

CDECIAL MEGMC AND DROUGHONG CANCELONG

In response to the same finding for fiscal year 2011 (2011-44), the DHHR discussed this matter with the United States Department of Health and Human Services, Administration for Children and Families (ACF) in fiscal year 2014, whereby the ACF reviewed the policies and procedures in effect within the DHHR BCF surrounding the issuance and removal of sanctions and determined the policies and procedures to be adequate. The complimentary controls referenced by the auditors in the condition section of the finding are based on the same policies and procedures reviewed and approved by the ACF. However, given that the control documentation provided to the auditors was not adequate to ensure that sanctions could not be issued or removed against TANF recipients in error or without appropriate cause, the DHHR will reexamine all the correspondence from prior years regarding the complimentary controls and will consider whether it is necessary for the BCF to develop any new policies and procedures as a means to enhance said controls and thus show greater evidence of control activity prior to the issuance or removal of sanctions. See current year finding 2016-016.

The DHHR continues to assess the possibility of implementing additional controls related to automatic payments. For the foster care benefit payments that are issued automatically without evidence of someone formally reviewing the payments, this is a long-standing issue that is driven by the business processing rules in place within the DHHR programmatic bureau. It is not a system issue because the system is simply supporting the business rules requested by the BCF. Nonetheless, many controls and verifications exist around the establishment of eligibility for Federal financial participation. Supervisor approval is necessary to place a child in a paid foster care setting, which in turn will generate a monthly payment, but the BCF is on record as defending their decision to not require a hard approval process to release each month's payments, as the administrative burden and related cost of requiring a secondary level of review for all case information entered into the system would far outweigh the benefits derived from such a process.

For the foster care benefit payments that are requested and approved by the same person, this too is a long-standing issue that is driven by the business processing rules in place within the DHHR programmatic bureau. However, the U.S. Department of Health and Human Services (DHHS) has issued a new requirement that existing Statewide

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Automated Child Welfare Information System (SACWIS) make modifications or build new systems to conform to a new set of system requirements known as a Comprehensive Child Welfare Information System (CCWIS). The changes went into effect August 2016, and the state has until October 2019, to begin migration or implementation. The CCWIS will replace the SACWIS and the DHHR is looking towards the new CCWIS as an opportunity to possibly add some levels of approval and thus improve the overall internal controls surrounding foster care benefit payments.

For the adoption assistance benefit payments, an approval process does not exist within the system, as this too was a business processing rule established by the programmatic bureau at the time the system was developed and implemented. However, the adoption subsidy function is limited to only one individual in the entire state through database and application security roles. Since the subsidy is a negotiated benefit that must be declared for the prospective parents, guardian ad-litem, and judge to approve and sign on the adoption finalization order, the amount and frequency has already been decided and documented for all parties in the agreement. Nonetheless, when defining the system requirements for the new CCWIS, the DHHR will attempt to persuade and work with the BCF to establish an approval process for adoption assistance benefit payments.

The DHHR will continue to work with the Office of Management Information Services to resolve the issues in this finding. See current year finding 2016-017.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2016

2006-43 2005-50

The DHHR BCF addressed the finding in December 2016, by making various revisions to the Income Maintenance Manual, the purpose of which was to clarify the exact manner by which a worker is to complete Section IV of the Low Income Home Energy Assistance Program (LIHEAP) application. See current year finding 2016-018.

As an alternate solution to the condition that led to the finding, the DHHR BCF plans to utilize the File Cabinet feature in Family and Children Tracking System (FACTS) and instruct the external Research and Referral Agencies to scan pertinent records into the FACTS File Cabinet for the specific cases. The File Cabinet is a distinct function in FACTS that serves as a simple electronic document management system allowing the storage of both software documents (files in electronic format) and images of hard copy documents (scanned pictures of paper documents). The function is entirely integrated into the FACTS case record such that a document is permanently attached exclusively to a case/referral/provider record in which it was entered. Since the documents are only found within the focus of the case/referral/provider, access to the contents are secured to only the users that have the security and permissions to access the type of case/referral/provider. See current year finding 2016-020.

The State's independent auditors are reviewing cases and related files established as far back as FY 1995 because of adoption payments in fiscal year 2016 and the fact that payments related to adoptions can occur for up to 21 years (current audit is for fiscal year 2016 minus 21 years equals fiscal year 1995). The DHHR BCF implemented additional controls and developed a checklist in fiscal year 2007, the purpose of which was to ensure that documentation is maintained in case files. However, adoptions consummated prior to the date of the checklist (fiscal year 2007) yet tested as part of an ongoing Single Audit are going to be at risk of receiving the finding until fiscal year 2028 because fiscal year 2028 is when payments for adoptions consummated prior to fiscal year 2007 will cease. Nonetheless, the DHHR recognizes that controls can always be improved. With respect to the current year finding and the seven exceptions/cases denoted therein, the DHHR has asked the BCF about the dates of adoption for each of the cases. If the date of adoption for each of those cases is after the date the BCF implemented the checklist, the DHHR will instruct the BCF to establish additional policies and procedures to ensure that necessary documentation is maintained in case files. See current year finding 2016-022.
